

SJ10 Fine-Wire Stapler

NEW!

This durable, fine-wire Senco air-powered tool is designed for professional performance. Various SJ10 models drive staples ranging in length from 1/8" to 5/8", and have excellent power-to-weight ratio for greater production output.

The Senco Model SJ10 has features not found in competitive fine-wire staplers. The SJ10 drives an unusually wide variety of staples in different crowns and gauges and is extremely lightweight (only 1.7 pounds), well-balanced, and ergonomically designed. In addition, its new rounded body improves line-of-sight to the work surface.

Applications:

- Upholstering operations
- Furniture assembly
- Cabinets
- Automotive vinyl roofs and interior trim
- Home insulation
- Bedding manufacture
- TV and stereo grille cloth
- Picture frames
- Shoemaking
- Molding
- Roofing felt

Tool Specifications:
